INTRODUCTORY SECTION

BRAZOS COUNTY, TEXAS

BUDGET POLICY AND PROCEDURES

In compliance with Local Government Code, Section 111.002 through Section 111.006, this document has been prepared and has been properly delivered to the Commissioners of Brazos County and has been properly filed with the County Clerk of Brazos County for public inspection and review.

COUNTY ORGANIZATION

Texas county government is generally an extension of state government, focusing on the judicial system, health and welfare services, law enforcement and road construction. Texas counties seldom have responsibility for schools, water and sewer systems, electric utilities and commercial airports. County governments in Texas have no ordinance making powers, other than those explicitly granted by the State Legislature.

Brazos County shares organizational features with the other 253 counties in the State: a governing body (the Commissioners' Court) consisting of one member elected at large (the County Judge), and four Commissioners elected from respective precincts. The County Judge is so named because he has actual judicial responsibility in all but the largest of the Texas counties. In Brazos County, the County Judge is an executive and an administrator, whose other primary duties are the presiding officer of Commissioners' Court, and performing the duties of the Chief Financial Officer.

Other elected officials include: the County and District Attorneys, the County and District Clerks, the County Sheriff, the County Tax Assessor-Collector, the County Treasurer, three District Judges, and two County Courts at Law. In addition, Brazos County has five elected justices of the peace and four elected constables. There are three statutory appointed officials. The three District Judges appoint the County Auditor, who serves with the County Judge as the chief financial officer for the County. The Juvenile Board appoints the Director of Juvenile Services and the Juvenile Court Referee, which are both approved by Commissioners' Court. The County Judge serves as the County Budget Officer.

The Commissioners' Court of Brazos County serves both as a legislative and executive branch of government, with budget authority over the majority of county offices. Commissioners' Court annually approves the budget for the County and the tax rate. The Court has adopted a classified budget as opposed to a line item budget. The classified budget extends to the elected officials and department heads an element of managerial control. *All salary budgets prepared are based on position control as opposed to personnel.*

The County Auditor is the official responsible for projecting revenues available for the Commissioners' Court to use in resourcing the expenditures as required. The County Auditor relies on historical data and statistical information from the individual fee offices when preparing these projections.

COUNTY FUND STRUCTURE

The County's budget contains various funds. This document includes all funds for which the Commissioners' Court has budgetary oversight responsibility. This includes funds supported by tax revenues and funds supported by special revenues. Tax revenue is primarily used to fund the General Fund, the General Capital Improvement Fund, and the Debt Service Fund. The tax rate set by Commissioners' Court is made up of two parts - "maintenance and operations" (M & O) and "interest and sinking" (I & S). M & O tax revenue may be used by the Commissioners' Court as deemed necessary. I & S tax revenue may only be used to pay principle and interest associated with County debt.

The General Fund of the County includes the majority of operational and service activities that the County is required to undertake. For the year ending September 30, 2011 approximately 69.1% of the revenues used to resource General Fund activities are developed from tax revenues (ad valorem, sales and mixed drink taxes primarily). The General Fund receives support from fines and fees collected by the various fee offices as well as interest income from investment activity. The County receives about 1.24% of its' General Fund revenue from State and Federal grant activity, and 15.9% of funding is resourced from available unreserved fund balances.

Special Revenue funds are those funds for which the County collects revenues (fines, fees, etc.) that must be used for a specific statutory activity. Each has been identified in the attached documents and the source of revenues has been disclosed, as well as the related budgeted expenditures.

The Debt Service Fund accounts for the receipt of tax revenue and the disbursement of principal and interest associated with the County's debt. A primary objective of the Commissioners' Court for several years has been to manage debt financing in a manner that would allow the County to maintain its debt service tax rate at less than \$0.08 cents per hundred dollars valuation. However, to address the increase in jail population a general obligation bond was approved by voters during the November 2007 election. For the year ending September 30, 2011 the Debt Service tax rate is \$0.0844 cents per \$100 of valuation.

The County's 2011 Approved Budget utilizes several capital project funds — the Jail Expansion 2007 and the General Capital Improvement Fund. Brazos County received voter approval for a general obligation in November 2007. The funds are being used to expand the current jail and increase the number of beds to approximately 684 beds. The Court sold \$12,000,000 in certificates of obligation (C.O.) for the expansion of the Expo Complex. The primary source of payment for the C.O.s will be use of the HOT Fund monies. The General Capital Improvement Fund is used to upgrade, replace and renovate existing equipment and facilities. During the budget process, departments made requests to the Commissioners' Court for capital support. Each of these requests was reviewed, evaluated and prioritized. Top priority items have received funding.

There is one Proprietary Fund that administers the County's health and life insurance activities for County employees, and for other entities that have elected to participate. Revenues for the fund come from employee insurance premiums funded by the participating entity and employee dependent premiums paid by the employee.

THE BUDGET PROCESS

Elected officials and department heads that have budgetary oversight responsibility are encouraged to constantly monitor their budget levels throughout the entire fiscal year. They are also encouraged to advise the Budget Officer of major changes, when the need for a change becomes apparent. When warranted, budget amendments are prepared to cover overrun situations. No departmental budget is allowed to be expended beyond the departments approved classified budget level. The majority of the County's expenditures (53.9%) are related to salary and employee benefits. Additionally, 46.1% of the County's expenditures are expended to comply with contractual obligations and payment of purchase orders. The budget, once established, may not be increased unless actual realized revenues exceed estimated revenues or the Commissioners' Court has officially declared an emergency in keeping with the existing statutes.

All departmental requests for the new budget year are presented to the Budget Officer, accompanied by documentation for major new programs within the department. New program requests may be for supplies and support of a new program, or for expanding levels of departmental service through additional personnel. The County Judge and the Commissioners review the requests independently. Each department is given the opportunity to meet with the Court in an informal session to discuss the department's operating requests. The sessions are held as workshops, which are open to the public. All activity is recorded. During the budget review process, the Budget Officer obtains an understanding of, as well as support and documentation for, each department's request. The Budget Officer includes the Commissioners in each step of the process to ensure that specific requirements are accomplished; that goals are met; and issues are resolved as soon as possible. Elected officials and department heads are asked to highlight specific needs. In this manner the Commissioners' Court may then prioritize requests, weighing them against available funding.

Approximately a three week period is provided between the filing of the proposed budget and final adoption proceedings. This period gives departments one more opportunity to review the proposed budget, and to request adjustments and/or clarifications. The approved budget and adopted tax rate is normally approved by the third week in September. This usually gives the Tax Office sufficient time to prepare and mail tax statements before October 1.

SUMMARY

Brazos County provides services to virtually all of its' approximately 175,100 residents. However, these services are more highly concentrated among individuals who find themselves in need of assistance or under the influence of the judicial system. Many services are provided directly through the various County offices. Others services are provided through cooperative arrangements with other non-profit organizations as well as the City of Bryan and the City of College Station. The approved budget for fiscal year 2010-2011 provides adequate funding for all levels of service, while at the same time it provides for reasonable reserves to maintain future growth. The County moves forward into fiscal year 2011 with a strong balance sheet, adequate funding and an experienced and cooperative management team to deal with the challenges of the future.

COUNTY HEALTH ENDOWMENT FUND

Commissioners' Court uses the County Health Endowment Fund to account for all financial resources associated with the establishment of the fund. The corpus of the fund was provided through the State's distribution of a portion of the "Tobacco" settlement in 1999. The earnings of the fund are budgeted for distribution each year in compliance with the purposes established by the Commissioners' Court.

The County has established an endowment fund with the tobacco distribution received from the State in 1999. The Commissioners' Court placed \$2,000,000 in investments. At that time the Court decided that the interest earned from the investments and the amount expected as reimbursement from the State over and above the original \$2,000,000 would be available for distribution if budgeted. The Commissioners Court has approved using \$2.5 million to fund the building of a new Tax Office during FY 2011.

SPECIAL REVENUE FUNDS

Brazos County uses a special revenue fund to account for financial activity related to revenues and expenditures that are specifically the result of State legislative action. Each fund has established perimeters as to how revenues collected may be used, and the level of authority and control that commissioners' court may or may not have with regards to the funds. Fund accounting, therefore provides current as well as historic accountability. While the County anticipates that the funds available will be expended during the current period, it is not uncommon that funds will remain at the end of the fiscal period (fund balance). All funds remaining at year-end are appropriated to serve the next fiscal year's budget needs.

The County collects ad valorem taxes on vehicles as they are sold each year. As the tax is collected, it accumulates in a separate account maintained by the Tax Assessor-Collector. At year end this accumulation is distributed to the various taxing agencies within the County. This depository account earns interest while the funds are on deposit; interest earned is retained by the County Tax Assessor-Collector.

This earned interest is specifically restricted by State statute. It may be used only by the Tax Assessor-Collector to provide funding for the efforts of the office in direct support of the collection and distribution of the Vehicle Inventory Tax.

FEDERAL & STATE GRANT FUNDS

Brazos County receives funding each year from the Federal government and from various State offices to assist in the funding of various elements of County activity. Funds are created to provide internal accountability of the grants awarded due to grant applications made by the County. Normally the funds are provided for a specific period for a specific purpose. While the County may budget that all the funds will be consumed during the current accounting period, it is not uncommon that funds will go unexpended and will be returned to the distributing agency. The majority of the grants currently in place require the County to provide financial participation at some level.

CAPITAL PROJECT FUNDS

Brazos County at various times establishes Capital Improvement funds to tract the costs associated with programs that have been authorized by the Commissioners' Court. The budget appropriations and related resources have been provided for the following:

Capital Project Fund – Jail Expansion 2007:

The County received voter approval for a general obligation bond issue in November 2007. The issue is to expand the current jail and increasing the number of beds to approximately 684 beds.

Capital Project Fund - Exposition Complex - Expansion:

The County is expanding the facilities at the Brazos County Exposition Complex. In October 2009, certificates of obligation were sold to fund the expansion. Debt service for the expansion will be funded through Brazos County's share of the Hotel Occupancy Tax revenues.

The expansion will add an additional stall barn, covered arena, covered connection, modifications to existing covered arena, rv parking, expansion of exhibit hall, additional parking, fair ground site, and purchase of infrastructure and equipment.

Capital Project Fund – General Capital Improvements:

The Commissioners' Court in 1994 established a separate fund to provide accountability for the purchase of specific equipment to support departmental needs, and to replace existing equipment as it wears down.

Commissioners' Court has approved a contract with a third party administrator to assist with monitoring and paying health insurance claims by employees and their dependents. In addition, employees are provided with a standard life insurance policy. The County is self insured.

To provide funding for this program, operational divisions are charged a monthly premium for each participating employee. Ad valorem taxes are used to fund this premium levy. Employees are required to pay for dependent coverage. There are participants additional to County staff who have elected affiliation with the program. These include retired employees, employees who have elected COBRA status, and employees of other governmental sub-divisions.

In addition, the General Fund provides funding for all retiree health costs.
