Investment Strategy

The Brazos County Investment Strategy remains focused on short-termed investments with the safety of principal as the foremost objective followed by liquidity and yield as per the Brazos County Investment Policy. With the economic impact of Covid-19, the Federal Reserve made multiple cuts to the Fed Fund rate, eventually ending at 0.00% to .25%.

Summary of Portfolio Changes

The main changes in the Investment Portfolio were contributed to the economic impact of Covid-19. As the rate in the Investment Pools began to trend down, we started the process of moving monies back to the county depository where we have a contract rate of .90%.
