Inner Loop East Study, PO Box 5459, Austin, TX

Study Background

Brazos County, in partnership with the Texas Department of Transportation and the Cities of Bryan and College Station, is studying the feasibility of a new roadway that would loop the eastern areas of Bryan and College Station.

This new roadway would enhance local and regional connectivity and is part of a continued effort to reduce congestion on local roadways. Brazos County is seeking input from the public on preliminary roadway alignments.

Your input is key to project development. Thank you for your time and for sharing your comments. All personal information collected will be used solely for the purpose of the Inner Loop East Study.
